Further to our telephone conversation this morning, enclosed is a map showing the Babine Lake logging road system and the area for pickup (anywhere along the road north of the Babine River bridge). The travel distance is estimated at 110 kilometres (expect logging trucks).

We will pick you up sometime between 8:30 - 9:30 AM on July 20 (Pacific Western Helicopters based out of Lovell Cove Camp on Takla Lake). Jim, John and I plan to drive back with you to Smithers that evening.

We will contact you at the Storknest Inn on the July 19 (evening) to confirm this arrangement.
