(GMCLAREN)

Don't worry, Graeme- the Task claims referred to in my December Report are part of the large land holdings immediately north of the Fish Lake deposit. Holders being Valerie Gold, Sultan Minerals, and Pioneer Metals. (Ref. GCNL-Dec. 3/92)
Cheers, Tom.

Your Dec monthly report refers to the Task Property north of fish Lake. do you have a simple map showing the location of this, or the claim names for this property so we can look them up. After the controversy in getting the drilling permit for Valerie gold through consultation with the Nemiah I would like to stay on top of what is going on there.

Many thanks, Graeme

ps. met with Bethlehem resources recently and had a very good session learning details on their Giant Copper property.
