Re: Helicopter Rental - August 11-12th, 1988.

Dear Mr./Mrs. King:

My assistant and I will be working in the area south of Tatla Lake on August 11th and 12th. We would like to visit the following areas:

- Perkins Peak and area just east of Klinaklini R.
- Blackhorn Mtn.
- Headwaters of Ottarasko Ck.
- Area north of Mt. Moore (old Morris Mine)
- Area south and west of Ottarasko Ck.

I'm not sure of the logistics but I hope you can drop us off for a few hours and move us. Initially I would like to make a booking to fly into Jack Copeland's property on Buckham Mtn. On the morning of August 11th (weather permitting).

We will be staying at the Graham Inn in Tatla Lake August 10-12th incl.

If there are any problems with the dates please let me know., Otherwise, see you on the 11th around 8:30 am?

Yours sincerely,

Tom Schroeter, P.Eng.
Senior Regional Geologist
