THUNDERBIRD

- chat with Bill Norton (Wildrose Res. Ltd.)
- plan to personally (with Glen Barrett) do small (\$15k) prospecting/geol. program this fall in Nifty (and downslope) to north (steep, gossans area) [helicopter from Hagensborg]
- still like 'analogy' with Estay Creek (eg. felsic vics + age)
- still 'hopeful' a company may option this fall.
