Dear Mr. Crook:

Re: Northair Mines Ltd. Willa Project - Stage I Report

We are pleased to enclose 2 copies of the Stage I Environmental Assessment for the Willa Project. As requested in your FAX of April 11th, we have also distributed copies to other government agencies as well. The Red Mountain Residents' Association and other groups on the attached list have been sent copies.

As you are aware, there are some contentious aspects to this project. We believe that it would be wise for the key government agencies to inspect the site before a decision is made regarding approval-in-principle. Please advise what date(s) would be convenient for you or Norm Ringstad.

By copies of this letter, we are also inviting other government agencies who have a specific interest in the project to attend. We ask that you notify the undersigned of your intention to participate in the tour so that we may make appropriate arrangements.

We will look forward to your comments on the report.

Yours very truly,
NORTHAIR MINES LTD.

Per:

Donald A. McLeod
President
