NO.98(1988)  
MAY 20, 1988

## MULTINATIONAL RESOURCES INC. (MUT-V)

**THREE 1988 DRILL - Multinational Resources Inc. in 1988 PROGRAMS PLANNED** will undertake three major diamond drilling programs costing \$700,000. First program is a \$100,000 (Cdn.) reverse circulation drill program on the 49-claim, 800 acre, Emigrant Springs prospect in the Carlin Trend, Nevada.

Drilling will be conducted by Multinational's joint venture partner, Teck to further define known near-surface reserves and investigate deeper targets.

A total of 47 previous shallow holes indicated 50,000,000 tons grading 0.016 oz gold/t, including a near-surface reserve of 10,000,000 tons grading 0.02 oz gold/t and 0.30 oz silver/t. Multinational has an option to earn a 50% interest in the property by spending \$500,000 over 3 years.

Multinational Resources Inc. in 1988 also will:

Undertake in June a \$500,000 diamond drilling program on its Chappelle property in the Toodoggone gold camp north B.C. where in 1986 and '87 reserves of 50,000 tons grading 0.587 oz. gold/t and 5.16 oz silver/t were defined. Pursuant to a joint venture agreement a \$100,000 first-phase diamond drilling program on a 10 sq. mile property at Kennedy Lake on the west coast of Vancouver Island is planned.

## HARRISBURG-DAYTON RESOURCE CORP. (HRU-V)

**EXPLORATION PLANNED- Harrisburg-Dayton Resource Corp.**

shares started trading on the Vancouver Stock Exchange on 17May88. The company is planning an exploration program on its Summit Camp property 30 km north of Hope, B.C. adjacent to the Huidra Silva property. Phase one will be trenching and soil geochemical and geophysical surveys. The Vigo Vein has produced assays of up to 88 oz silver/ton.
