NO.189(1989)
OCTOBER 2, 1989

EUREKA RESOURCES INC. (EUK-V)

PROPERTY EVALUATION - Jack O'Neill, president, reports
Eureka Resources is evaluating
results from the Frasergold project, 60 miles SE of
Quesnel, B.C. to determine how much of consulting
geologist K.V.Campbell's Dec. 1987 recommended
\$2,750,000 development program has been implemented.
The program was not completed. Only 300 meters of a 1.5
km. mineralized zone was investigated. According to Mr.
Campbell, the zone has the potential to host 20,000,000
tons averaging 0.05 to 0.08 oz.gold/ton. A report is
expected near the end of October.
