DRILLING TO PROCEED - Vernon G. Meyer, president, reports Sheba Copper Mines Ltd. and 50/50 joint venture partner McConnell-Peel Resources Ltd. expect to begin a drilling program on the Walker-Shumway property located near Kamloops, B.C. The companies are presently awaiting additional results of bulk surface sampling and metallurgical testwork to be completed. The program was recommended as a result of previous encouraging bulk sampling on surface as well as drill results returning 0.071 oz. gold/t over 275 feet near the northern border as reported by International Focus Resources. (SEE GCNL No.110,7Jun90, P.3 FOR METALLURGICAL TEST RESULTS)
