SOUTH UNUK GOLD CORP. (SGQ-V)

CREWS MOBILIZED - Terry Heindricks, president, reports

South Unuk Gold Corp. has mobilized an exploration crew to the 100%-owned Mikey 1, Lisa 1 and Ralphus claims located on the Unuk River about 10 miles south of the Eskay Creek discovery about 70 km north of Stewart, B.C. The program will comprise silt, soil and rock sampling, prospecting and mapping to follow-up on previously discovered gold, silver and copper anomalies as well as to test new areas.

The program will also follow-up on a recently discovered banded sulphide outcropping on the claims which is comprised of fine grained pyrrhotite and chalcopyrite set in altered volcanic rocks about 1.0 meters wide. (SEE GCNL No.131, 9Jul90, P.4 FOR FUNDING INFORMATION)
