<u>GULF INTERNATIONAL MINERALS LTD. (GIM-V)</u>				
HOLE NO.	INTERVAL FEET	LENGTH FEET	GOLD OZ/T	HIGH GRADE GOLD
90-17	212.6 - 216.0	4.6	0.120	Reginald Davis, chairman, reports
And	363.0 - 364.7	1.7	.363	Gulf International
And	371.1 - 376.7	5.6	.828	Minerals Ltd. has
90-18	339.9 - 371.5	31.6	2.122	received assays

----- from in-fill
drilling in the main north-central part of the Northwest gold zone on the 100%-owned McLymont property located 100 km north of Stewart, B.C. The drilling continues to expand the potential of good to high grade gold-bearing lenses in this part of the sedimentary sequenced with the two above holes extending the length and width of two of the five major lenses. More assays are pending. (SEE GCNL No.165, 27Aug90, P.1 FOR PREVIOUS ASSAYS)
