* Sample screened & metallics assayed

MAM PROPERTY ASSAYS - Milan Gubash, president, reports
Toba Gold Resources Ltd. has
received sampling results from its 100%-owned MAM
property near Osoyoos, B.C. Five rock samples were
taken; see results above. Toba has advised the
regulatory authorities its engineer has recommended an
amendment to its work program. Plans now provide the
trenching and diamond drilling budget be reduced to
allow a bulk sampling program to be carried out on the
vein recently opened up. The total dollar value of the
program remains the same. (SEE GCNL No.112, 11Jun90,
P.3 FOR PREVIOUS INFORMATION)
