DRILL MOBILIZED - Larry Ovington, vice president, reports Iota Explorations Ltd. has mobilized a diamond drill onto the G & G claims near Merritt, B.C. The drilling program is designed to confirm previous diamond drilling that returned values of 0.11 oz.gold/ton, 0.98 oz.silver/ton and 0.24% copper over 46 feet. The G & G zone is one of several mineralized areas on the property. Numerous showings of quartz veins in andesite in the Master vein area returned assay values of between 1.0 - 20.0 oz.gold/ton from grab samples. (SEE ALSO GCNL No.51, 13Mar90, P.4)
