ADRIAN RESOURCES LTD. (ADL-V)

TITLE TO INTERNAL FRACTION GRANTED TO ADRIAN
IN FIRST ROUND OF COURT ACTIONS MOTION DISMISSED.

Wm. Campbell, secretary, reports Adrian Resources Ltd. has been notified the Supreme Court of B.C. has dismissed a motion by Tagish Resources Ltd. and Ken Mckenzie to quash an Inspection Report prepared by the Ministry of Energy, Mines and Petroleum Resources recommending the complaint against the TOK 3-6 claims of PRIME RESOURCES GROUP INC. and STIKINE RESOURCES LTD. be dismissed. This decision confirms ownership of the claims to Adrian subject to further court appeals by Tagish. The complaint against the TOK 3-6 claims alleges those claims are invalid due to the existence of a gap located between the TOK 1 and 2 claims and the TOK 3 and 4 claims. Adrian owns a portion of the TOK claim gap where calculated reserves are 77,500 tons grading 1.27 oz.gold/t, 34.08 oz.silver/t. If the TOK 3-6 claims are found to be invalid the ground which those claims cover will be subject to Adrian's IKS 1 claim.
