FORREST KERR DRILL RESULTS - William Campbell,

secretary, reports Avondale Resources Inc. has received the final assays from the 1990 exploration program on the Forrest Kerr property located about 65 miles northwest of Stewart, B.C.

Avondale can earn a 100% interest by paying \$450,000, issuing 600,000 shares and spending \$4,000,000 on

exploration. Exploration comprised line cutting, geochemical sampling, prospecting, geophysical surveys and trenching. Twenty-four holes were drilled on eight targets. The program's total cost was 41,500,000. (SEE GCNL No.154, 10Aug90, P.2 FOR PREVIOUS RESULTS)
