TEUTON RESOURCES CORP. (TUO-V)

GOODGOLD RESOURCES LTD. (GGR-V)

DRILL MOBILIZED - Dino Cremonese, president, reports Teuton Resources Corp. and Goodgold Resources Ltd. have mobilized a diamond drill to the Del Norte Creek property located 16 miles east of Stewart, B.C. Goodgold can earn a 50% interest by paying \$200,000, issuing 200,000 shares and spending \$2,500,000 on exploration by 31Dec92. Teuton is operator.

The \$300,000 drill program will test several targets defined by recent surface exploration, including the O, Grizzly and Deadman's Gulch zones. The first hole is underway and is testing for depth extensions of the copper/gold O zone from which surface samples returned assays up to 16.4 feet grading 0.31 oz.gold/ton and 0.42% copper.

Ongoing regional exploration over the 18-square mile property has resulted in the discovery of several new occurrences of precious and base metal mineralization with grab samples ranging up to 0.885 oz.gold/ton and 41.65 oz.silver/ton. Follow-up exploration on the latest finds will proceed concurrent with diamond drilling. (SEE GCNL No.176, 12Sep90, P.2 FOR PREVIOUS INFORMATION)
