JAGUAR EQUITIES INC. (JGE-V)

CLEARWATER CREEK DRILLING PLANNED - Glen Loder, president reports Jaguar Equities Inc. is planning a \$20,000 drilling program consisting of four holes on its Clearwater Creek claims located on the Nelson Range of the Selkirk Mountains eight km northeast of Ymir, 30 km south of Nelson, B.C.

The initial two holes are planned to the north and south of the 1990 drill intersections. The 1990 drill intersections DDH 9001 and DDH 9002 returned grades in excess of 0.75 oz.gold/ton and 0.5 oz.gold/ton respectively, over a six-foot mining width. One core sample assayed over 1.2 oz.gold/ton. The current drilling is occurring on a large gold bearing shear zone which has been trenched on surface for over 125 meters and remains open to the north, south and at depth. Further drilling will be conducted based on initial results of this program. (SEE GCNL No.58, 22Mar91, P.2 FOR OTHER INFORMATION)
