NAVARRE RESOURCES CORP. (NRV-V)

STRIKE CLAIM TO BE PROBED - Dan Davis, president, reports Navarre Resources Corp. has awarded a 10,000-foot diamond drilling contract to test the Strike claims located 18 miles north of Stewart, B.C. The property is 100%-owned, subject to a 10% net profits interest to related company White Channel Resources. Drill targets have been defined along the

one-mile of strike length established in last year's geochemical program and deep electromagnetic surveys. Some 157 trenches were dug. The surveys outlined a target over one mile long north-south, open to the north, and 900 feet wide. The company is seeking a high grade, large tonnage polymetallic deposit. Preliminary surface assays graded up to 2.33 oz.gold/ton, 430 oz.silver/ton and 15% combined lead/zinc. (SEE GCNL No.24, 2Feb91, P.4 FOR PREVIOUS INFORMATION)
