WESTERN CANADA

SHAMROCK RESOURCES INC. (SHJ-V)

MINNOVA INC. (MVA-T,M)

DRILLING CONFIRMS REA HORIZON - Ulli Rath, president,
reports Shamrock

Resources Inc. has been notified by Minnova Inc. of the
drilling results on the Cana claims located adjacent to
the north of the Minnova/Rea Gold property where the
Samatosum polymetallic mine is situated, 35 miles north

of Kamloops, B.C. Minnova can earn an 8% interest in
Shamrock's Cana and Blom claims by spending \$300,000 on
exploration by 1Apr93. Minnova drilled six holes
totalling 1,716 meters, all on the Cana ground. Holes
2, 4 and 6 revealed the presence of a major fault system
with intense brecciation and alteration. The best hole,
No.6, returned 348 grams silver/tonne over 10 cm.
Minnova reported spending \$160,470 in 1990. More
drilling is planned for 1991.

Shamrock Resources recently received approval from
regulatory authorities for restructuring. (SEE GCNL
