CARPENTER LAKE RESOURCES LTD. (CTA-V)

AMAZON PETROLEUM CORP. (AMZ-V)

WAYSIDE EXPLORATION PLANNED - J. Frank Callaghan, president, reports Carpenter Lake Resources Ltd. and 50/50 joint venture partner Amazon Petroleum Corp. have called for tenders for their summer programs on the Wayside property, eight km north of Bralorne, B.C. Reliance Geological has completed a technical report which compiled data from previous programs and made exploration recommendations. Over \$6,000,000 has been spent on the Wayside property to date. Trench samples on the Wayside Commodore and 3T veins returned values as high as 9.1 oz.gold/ton over 10 inches. Diamond drilling has intersected 19.61 oz. gold/ ton over 3.0 feet and 0.95 oz. gold/ton over 7.0 feet. Duplicate holes have intersected up to 0.695 oz. gold/ton over 7.0 feet.

Dr. Giles R. Peatfield, P.Eng., has been retained as a consultant. Negotiations are underway for several private placements. (SEE GCNL No.108, 5Jun91, P.2 FOR PREVIOUS INFORMATION)
