SKEENA RESOURCES LTD. (SKE-V)

BEAUCHAMPS EXPLORATION INC. (BPE-V)

PHASE I EXPLORATION UNDERWAY - Bonnie Whelan, secretary, reports Skeena Resources Ltd. has begun a \$120,000 Phase I field program on the Sustut project located about 200 km north of Smithers, B.C., a 50/50 joint venture with Beauchamps Exploration Inc. The property comprises two separate claim groups, the Cisco and Park claims, which were staked in 1990.

Two target areas have been found on the Cisco claims. The first is the Day copper/gold occurrence which returned 193 feet of 0.67% copper, 0.027 oz.gold/ton, 0.131 oz.gold/ton and 89 feet of 0.44% copper and 0.024 oz.gold/ton with higher grade intervals. The Day showing will be gridded, geochemically sampled and subjected to VLF-EM and induced polarization surveys. Specific zones will be trenched. A second target in the NW corner of the Cisco claims will be surveyed by geophysics and geochemistry. Phase II work is expected to start in September.
