WESTMIN RESOURCES LTD. (WMI-V,T,M)

COMMERCIAL PRODUCTION - Fred Hewett, director, reports PREPARATIONS UNDERWAY Tenajon Resources Corp. is continuing preparations for commercial production at the SB property located 20 km north of Stewart, B.C. Westmin Resources Ltd. can earn a 50% interest by spending about \$2,000,000 and making a production decision. Development ore is currently being mined and trucked to the stockpile at the nearby Premier Gold minesite. Milling of the first batch of ore is scheduled to start July 9, with some 15,000 tons expected to be processed in the next ten days.

Grades to date from all blocks within the 35 Zone have been as good or better than anticipated, with the E block reporting numerous chip samples ranging from 0.50 to 1.50 oz.gold/ton. In addition to the ore grade gold values in the B block the silver and zinc assays are higher than expected, with numerous values ranging from 5.0 to 15.0 oz.silver/ton.
