**PAYDIRT DRILLING STARTS** - William Campbell, secretary, reports Pacific Century Explorations and Ticker Tape Resources have started diamond drilling on the Paydirt project in the Galore Creek area, 100 miles northwest of Stewart, B.C. Pacific Century and Ticker Tape are jointly earning a 50% interest in the property which hosts the Paydirt deposit of 204,000 tons of 0.12 oz.gold/ton. Pacific Century holds an option from **SILVER STANDARD RESOURCES INC.** (SSO-V) to earn 50% by paying \$125,000, issuing 100,000 shares and spending \$1,315,000 on exploration with Ticker Tape to earn 50% of Pacific's interest in the option by providing \$175,000 for exploration in 1990 and then costs to be shared 50/50. The current program includes a three-hole drill program to test three coincident gold and copper geochemical anomalies and induced polarization geophysical conductors outside outside of the deposit area.
