WAYSIDE WORK TO START - J. Frank Callaghan, president, reports Carpenter Lake Resources Ltd. and 50/50 joint venture partner Amazon Petroleum Corp. will start a comprehensive work program on the Wayside mine property located near Goldbridge, B.C. Phase I will include deep diamond drilling under the ninth level of the Wayside mine. Previously, diamond drill hole 80-S-10 assayed 10 feet grading 2.63 oz. gold/ ton and hole 87-1 returned 5.0 feet of 1.84 oz. gold/ ton. There are geological similarities between Wayside's ninth level and the Bralorne mine's 16th level.
