AIC INTERNATIONAL RESOURCES CORP. (AIX-V)

DRILLING STARTS - Giovanni Camporese, president, reports AIC International Resources Corp. has been informed Orequest Consultants Ltd. will start drilling the 100%-owned Last Chance property 5Sep91, 20 km NW of Houston, B.C. The target of the first 200-meter hole will be the intense core of an extensive induced polarization anomaly and associated copper, zinc and silver geochemical soil anomaly. Subsequent drilling up to an additional 200 meters will test the IP anomaly at other locations, if warranted, and contingent on results of the first hole, or will test the Julia vein where previous work indicated values up to 2.95% copper, 185 oz.silver/ton and 0.138 oz.gold/ton over narrow widths.
