\* Previously reported.

Larry W. Reaugh, president Verdstone Gold and Rea Gold has reported assays from the drill holes on the 50/50 joint venture Newton Hill project, located 20 miles north of the Fish Lake deposit of Taseko Mines Ltd., 150 miles southwest of Williams Lake, B.C.

Mineralized intervals in drill holes less than 20 feet thick have not been reported. Management is pleased with the results of the first phase of drilling in an area measuring 2,000 feet by 2,000 feet. The company is currently negotiating to acquire additional ground in the area. The diamond drill has been left on the property to facilitate further drilling in anticipation of acquiring additional financing. (SEE GCNL NO. 69, P. 1, 7APR92 AND NO. 66, P. 2, 2APR92).
