PACIFIC COMOX RESOURCES LTD. (PCA-V)

HARRISON LAKE DRILLING TO START - Pacific Comox Resources Ltd. has reported the start of the drilling program on the Harrison gold Project, located 90 km east of Vancouver near Harrison Hot Springs, B.C. The program which will include diamond and reverse circulation drilling and a total gold assay on the 15 tonnes of reverse circulation drill cuttings, is expected to take up to three months to complete. The property currently has 500,000 ounces of drill indicated reserves. (SEE GCNL NO. 23, P.5, 3FEB93, FOR MUCH DETAIL).
