BRALORNE MINE UPDATE - Louis Wolfin, president, Bralorne Pioneer Gold Mines Ltd., and 50/50 partner International Avino Mines Ltd. have received a report from J. Miller-Tait, geologist, that work at the Bralorne Gold Mine located at Goldbridge about 120 road km west of Lillooet, B.C. The mine buildings have been rehabilitated and mining plus milling, flotation, gold recovery plant machinery has arrived at the mine site.

The companies have started to develop the Peter Zone and there has been over 200 feet of development drifting completed on the vein on the Bralorne 8 level to date. This ore shoot has now been drifted along for over 100 feet with a true width of 6.0 feet grading 0.46 oz. gold/ton and is continuing. The companies are also working to complete a financing for plant installation and mine development working place preparation. The start of production at 250 tons per day building to 450 tons per day, is targeted for the first quarter of 1996. (SEE GCNL NO.95, 17May95, P.1 FOR PREVIOUS PROJECT INFORMATION)
