COREY PHASE II DRILLING COMPLETED - Kenneth Trociuk, president, reports

Kenrich Mining Corp. has completed Phase two of the 1996 exploration program on its wholly owned Corey property, 10 km south of the Eskay Creek gold/silver mine, north of Stewart, northwest BC. Phase two consisted of 10 holes on the TV Zone, five holes on the Cumberland and two holes on the Bench Zone. Except for one hole (TV 27), final results have been received for the drilling on the TV zone. The company is still waiting for the final results on the other drilling. Completed results on the 1996 TV zone are:
