BRANDYWINE DRILLING CONTINUES - Dr. Robert E. Lee,
president, reports La

Rock Mining Corp. is continuing its 1997 drilling program on the
100% owned Brandywine project, located immediately west of
Highway 99, and 50 km north of Squamish, southwest BC.

Under the direction of David Dunn, P.Geo., this phase of
exploration is designed to expand the size of the known mineralized
area centred on the Dave's Pond gold zone which returned gold
assays, some of which are summarized overleaf P.3. Two 180 metre
holes (about 590 feet each) will be drilled due east, 100 metres north
and 140 metres south of the Dave's pond discovery hole DDH93-4.
