GOLD CITY MINING CORP.

[GCP-V] 29,081,048 SHS.

DOMIN PROJECT OPTIONED - John Chapman, president, Gold City Mining Corp., reports the signing of an option agreement on the Domin Gold property, north of Wells, BC, with its owner, a Central BC Exploration Contractor. Gold City has the right to earn a 100% interest in the property, subject to a 2% NSR royalty, by spending \$100,000 on exploration, paying the owner \$520,000 cash and issuing 200,000 shares over the next five years. A finder's fee is payable.

The property is an important addition to Gold City's 11,600 hectare WelBar Gold project at Wells, BC. Diamond drilling was conducted by a major mining company on the Domin Gold property in the mid 1980s, returning some good near-surface gold and base metal intersections. Overleaf P.2 is a tabulation of mineralized intersections 1.0 metre or greater in width and grading 4.0 grams gold/tonne or greater.

Additional mineral claims are presently being staked to cover prospective areas adjacent to the project. The Domin Gold property will be included in a preliminary feasibility study presently being conducted on the development of several high grade gold deposits within the WelBar Gold project, to be served by a centrally located mill and processing plant. (SEE GCNL NO.18, 27Jan97, P.2 FOR CAMELIA PROJECT INFORMATION)
