Box 490, Grand Forks, B.C.

TO G. B. Hardwicke  
FROM E. A. Shannon  
SUBJECT INFORMATION FOR MINERAL LAND TAX PROPERTY DESIGNATION

January 15, 1974

Re: K. C. Fahrni Memo of December 31, 1973

This memorandum contains area allocation lists and mineral claim expiry data with respect to all claims held by the company within the Phoenix area. Excess information, with respect to Mr. Fahrni's report, will help update the Vancouver office. Items 1 to 6 inclusive are in map and list form.

- see print* {
1. Production Areas - coloured red
  2. Pit Access and Waste Disposal Areas - coloured blue
  3. Mining Plant Site - coloured brown
  4. Tailing Area - coloured green
  5. Located and Crown Granted Mineral Claim Groups
  6. Crown Granted Mineral Claims
  7. List of Ungrouped located, leased and Crown Granted Mineral Claims.

In view of the fact that many of the mineral claims have more than one designation, you will note there is a column for remarks for the use of the various departments. Areas which have been mined in past years but are not involved in our mining forecast contain no designation.
