Your photo Mt. Milligan Deposit

As per your letter of March 7, 1990 we have outlined the areas of the Mt. Milligan deposits requested.

Information regarding tonnage and grade is preliminary and presently we are determining mineral inventories. The numbers we are now working with are:

Mt. Milligan Deposit

	Tonnes	Gold g/t	Gold oz/t	Copper %
Probable Geological Reserves	265,551,000	0.56	0.016	0.19

Southern Star Deposit

Possible Geological Reserves	145,800,000	0.34	0.10 ⁰	0.23
---------------------------------	-------------	------	-------------------	------

However, I must advise that the numbers are preliminary and thus subject to change.
