I AM FAXING INSTEAD OF PHONING THIS INFORMATION. AN 'E' PROPERTY (FORMERLY (OLD RIMY) SHUT DOWN IN 1941, OWING TO WARE. 4600 02 AU WAS PRODUCED UP TO 1941, UNDER VERY CRUDE CONDITIONS PUNCHION CAT ROAD, CRUDE CAMP + MILL AT RIEY ORU. (C. 10) FRAM-LINE + BACK PACK TRAIL TO RIMY. NO PRODUCTION SINCE 1941.

THERE IS NOW A GOOD GRAVEL LOGGING ROAD PAST THE PORTAL OF THE "NEW VEIN", AT 1600' E.L. A SHORT SPUR DOWN WILL GIVE ROAD ACCESS TO THE MAIN (C. 10) VEIN AT 1450' E.L.

THE ROAD SWITCH BACKS UP TO 2000' E.L. WHERE IT IS 200-400 FT BELOW THE RIMY 324 ADITS. ANOTHER ROAD PROGRAM WILL BE STARTED VERY SOON.

AS THE HUNDREDS OF CROWN GRANTS IN THE AREA ARE TIMBER COVERED THIS ALLOWS FOR ROAD ACCESS TO BE OBTAINED AT LITTLE OR NO COST.

HOUSING + SERVICES LOTS ARE AVAILABLE.

THERE ARE 2 ORIE MILLS IN THE AREA, CAPABLE OF HANDLING ANY FORESEEABLE PRODUCTION
I HOPE FOR YOUR PARTICIPATION
Yours truly Sam C.
