

July 17/74

Up - Falls we had better  
~~produce up~~ complete or  
produce up our work at  
Bralome - at least for future ref.

Tip to have (Tom Gallant)  
draw up results of work  
since my last contact with  
the property - so that we  
can either ~~contract or~~ incorp.  
or reject specific vein areas  
from our final recommendations.

Re estimated time - I repeated  
my last ~~estimate~~ <sup>(March 12)</sup> phone estimate of  
8-10 days work

When I get this data, I  
will bring it over to Jack &  
Bill for purpose of supplying  
Bralom w a Sharp/Bol  
'official' estimate - Jack C. in  
final agreement. (Bralom interested in  
getting U.S. property)
