May 24, 1973

Mr. R. V. Kirkham
Geological Survey of Canada
601 Booth Street
Ottawa KIA OE8

Dear Mr. Kirkham,

In reply to your letter of May 8th, I am herewith enclosing copies of Copper and Moly assays from a series of rotary drill blasthole samples.

We have been unable to locate any galena samples recently as it occurs very rarely. However, I hope the assay sheets will fulfill your needs for the moment.

Yours truly,
LORNEX MINING CORPORATION LTD.

W. F. Gilmore, P. Eng.,
Chief Mine Engineer.
