From: The management of Newhawk Gold Mines Ltd.  
Re: A major new gold camp in British Columbia

This short Corporate Profile briefs you on one of the most exciting developments now emerging in the mining industry. If the drilling program now underway yields even a fraction of the potential indicated by the 1985 drilling program, you'll be hearing about this property for years and years to come.

This is your, and your customers' ground floor invitation. Let us know how we can further your interest.

Thank you.
