Mr. R. E. Gordon Davis,  
Executive Vice-President,  
Dynasty Explorations Limited,  
330 Marine Building,  
355 Burrard Street,  
VANCOUVER 1, British Columbia.

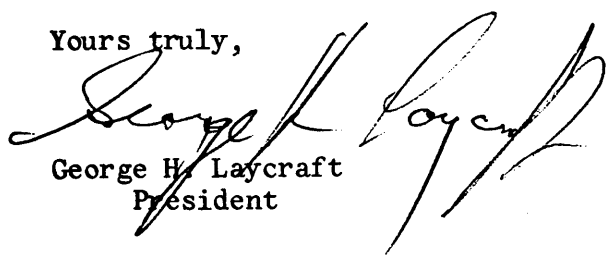

Dear Gordon:-

Re: Proposed Joint Venture -  
North Star and Kaza Copper  
Properties

This proposal has been considered by the Board of Directors of Dusty Mac Mines Ltd. (NPL). who have decided against proceeding with the joint venture. Basically it was considered that the opportunity of earning a twenty-five percent participating interest did not warrant the considerable risk of the first phase of the program.

Thanking you very much for giving us an opportunity to consider this proposal,

Yours truly,

George H. Laycraft  
President

July 20th, 1972

Mr. R.M. Tait,  
President,  
Northstar Copper Mine Ltd.,  
Kaza Copper Mines Ltd.,  
1214 Eastview Road,  
North Vancouver, B.C.

Dear Bob,

Attached is a draft of our proposed letter of intent with Northstar and Kaza as we have discussed the past two days.

We will not know whether we can execute this letter of intent until we hear from a third party that may be participating with us. In this regard, Jim Glass a Geologist representing Amadeus Investments would like to examine the property probably between August 1st and 4th. We will endeavour to get a message to you as to a more specific date, however, he may just show up within that time period without further notice.

I have enclosed eight extra copies of the letter of intent for you to distribute. We will leave all distribution up to you including that to Ron Bradwell and Logan Tait. We would hope that a prompt decision can be made following Mr. Glass' examination.

Yours truly,  
DYNASTY EXPLORATIONS LIMITED

R.E.G. Davis  
Executive Vice President
