Dear Andy:

On behalf of Minnova, I would like to thank you for showing us your claims in the Camp McKinney area.

Unfortunately, these properties do not have the features Minnova is looking for with respect to showing type, size, or economic potential. We welcome any other property submittals that you may have, now or in the future, and encourage you to update us on any new developments.

I am enclosing the assay results from the samples collected during the property tour, along with the material you loaned to us.

Thank-you once again, and good prospecting!

Yours truly,

Alan R. Hill
Project Geologist
