Oct. 21/99

The Company is pleased to announce that it has entered into an Agreement for the provision of corporate communications services with Bill Sakkalis. Mr. Sakkalis will focus on shareholder communications and will be available during market hours via telephone, fax, email and ICQ(50678193). ICQ is a direct communications software which is run through the Internet. He will be paid \$2,000 per month and will be compensated for any out-of pocket expenses he incurs on behalf of the Company. He will also be given an option to purchase stock agreement when the company is no longer considered inactive. The Agreement is subject to the approval of the Vancouver Stock Exchange. Mr. Sakkalis will retain the right to a finders fee from the company within the guidelines of the Vancouver Stock Exchange.

As announced May 11, 1999, the Company plans to separate its Canadian precious metal properties from it's other assets, and dividend them to its shareholders. This dividend will be in the form of shares and rights in a new company. The procedure to accomplish this is outlined as follows:

Assign the AU Property located near Merritt, British Columbia and the Aubyrd, COMM and Commerce Properties to Commerce Resources Corp. For the consideration to Rocca Resources of 1,000,000 (one million) shares of Commerce Resources and the promise to issue 1,000,000 (one million) rights to purchase shares at \$0.15. These shares and rights would then be dividended to Rocca's shareholders. Commerce Resources will then seek a listing on the Vancouver Stock Exchange.

Board of Directors is also pleased to announce the appointment of two Board Members to Commerce Resources, a subsidiary of Rocca Resources Ltd. First, Mr. Jody Dahrouge, P.Geol., whom currently is the president of an Alberta-based geologic consulting firm. He obtained both a B.Sc. in Geology and in Computing Science from the University of Alberta. He has extensive experience in the mining industry, having conducted development or exploration programs for base metals, coal, diamond, industrial minerals, and precious metals. Mr. Dahrouge provides consulting services to a number of junior and senior mining companies. Secondly, Mr. David Heyman. Mr. Heyman brings additional diversity to the Board through his more than ten years experience as a prospector and many industry contacts.

ON BEHALF OF THE BOARD:

"Shaun Ledding"

Shaun Ledding

Director, VP Corporate . Development
