Thanks - will wait for Myron's reply. I rate Chuchi "high".

Tom  
I'm unsure as Myron did the assessment review on this one and has the file.  
I'll ask him to check and get back to you.

On a related topic when we spoke yesterday, you mentioned the Chuchi property owned by Lorne Warren, as a sleeper. Do you know the Swan/Kwanika property which is in the same general area, if so how would you rate Chuchi vis a vis Kwanika, or Tam/Misty or other properties in the belt for that matter?  
Regards  
Dave

Thanks, Dave. When you say it's the former Mitzi property - what is its Minfile number (93N096 or 93N081 or 93N 084)?

Tom  
Thank you. Attached please find final version of the news release describing acquisition of the Choo (former Mitzi) property.  
Regards  
Dave

Dave, i) the "blue" Super Flow-Through Shares brochure we were talking about is dated Apr. 2003 (i.e. not current). The most current thing I have is from the PDAC (March, 2004):

The 'buy period' for investors (under the Super Flow-Through Shares program) will now close Dec. 31, 2005, and the expenditure deadline for companies becomes Dec. 31, 2006." [suggest you check PDAC website for details].

BC Mineral Exploration Tax Credit extended for one year to the end of 2005. Under the llok-back rule, this will allow eligible expenses to be incurred up until the end of 2006.

Provincial legislation such that completely harmonized BC MFTS program automatically extended.

ii) You were going to send me your 'link' to your recent news release regarding your staking of the ex-Mitzi property, west of Mt. Milligan.
