Dear Tom:

This is to acknowledge receipt of your letter of 26 January, 1988 and to confirm that we will be ready for the September SEG tour. We are in the process of revising the 1984 geological paper for this occasion--we thought it was about time that we came out with an updated version. I may get in touch with you later on regarding a few queries about the setup of the paper.

Anyway, when you get any additional information on this tour, please pass it on. So long for now, see you in September (or before then if you get up this way).

Yours truly,

J. Cyr
Mine Geologist
Equity Silver Mines Limited
