Tom G. Schroeter  
Senior Regional Geologist  
BC Ministry of Mines  
301-865 Hornby Street  
Vancouver, BC V6Z 2G3  
Canada

Mr. Schroeter;

I am enrolled in a graduate level course at the MacKay School of Mines at the University of Nevada, Reno and the course involves a series of mine tours in the northwestern United States and British Columbia. My part in the course is to prepare a report on the Copper Mountain Mine outside Princeton, BC and to prepare a geologic road log between Troy, Montana through Creston, BC to Princeton, BC and then down to Republic, Washington. I am writing to ask if you can inform me of any background material on the route between Creston and Princeton on highway three. I have been able to find material on the Copper Mountain Mine, but little since 1972 or 1975 and have little idea of where to look for background material for the geologic road log. Thank you for your time and consideration.
