FINAL DIAMOND DRILLING RESULTS - Marianne Kyme, director,  
Newcoast Silver Mines  
Ltd., reports Gibraltar Mines Ltd. has released final  
diamond drilling results from the 1992 exploration  
program on the Gibraltar North deposit on the Jan/Summit  
claim group about 45 km east of Williams Lake, B.C. in  
which Newcoast holds a 30% net profits interest. See  
overleaf page 2 for table of assays and map. Gibraltar  
Mines is preparing a mining study on the Gibraltar North  
deposit which should be completed by the end of March.  
(SEE GCNL No.236, 8Dec92, P.1 FOR PREVIOUS DRILL RESULTS)
