## BWI RESOURCES LTD.

[BWE-CDNX] 6,162,700 SHS.

BC DRILLING PLANNED - Michael Wilson, director, BWI Resources Ltd., reports the first phase of drilling consisting of 20 holes for a total of 2,400 meters will begin on the 100% owned CK claims near Clearwater, about 70 miles north of Kamloops, BC, upon the approval from the B.C. Ministry of Energy and Mines. The approval process is expected to be completed within 30 days.

Results from previous drilling by Cominco and Rea Gold/Verdstone Gold show a inferred geological mineral resource of 1,670,000 tons containing an estimate of 283,000,000 pounds of zinc at 8.60%, 46,000,000 pounds of lead at 1.4% and 418,066 ounces of silver at 0.25 oz/ton. This reserve is within a steeply dipping mineralized zone measuring 600 metres in length by 4 metres in width by 60 metres in depth that can be mined either by underground or open pit method.

The program consists of deeper drilling between the previous holes in an effort to add reserves. (SEE GCNL NO.5, 10Jan2000, P.7 FOR CK CLAIMS ACQUISITION TERMS)
