MAY 9, 1988

AMULET RESOURCES CORPORATION(AUO-V) Amulet Resources Corporation has acquired the Mat 1 and Mat 2 claims near Adams Lake, B.C. for \$10,000 and 100,000 shares from J. Paul Stevenson. The property contains several quartz veins carrying interesting values in silver, lead, zinc and molybdenum. Amulet will not proceed with the oil and gas exploration program proposed by S.L.L Inc. and the company has sold its interest in the Dewlbiss well for \$12,500 US, being the cost of the well.

HUNTINGTON RESOURCES INC. (HUN-V)

DRILL PROGRAM TO RESUME - Huntington Resources Inc. has ON BRETT CLAIMS started a \$500,000 exploration program for 1988 on the Brett claims near Vernon, B.C. A reverse circulation rig will drill 2,000 feet along the Main shear zone.

Two diamond drills will be operated on a double shift and will concentrate on the central portion of the zone where numerous gold intersections were encountered in 1987. The first phase will include grid preparation, geochemistry, road construction, trenching and mapping, in addition to the drilling. (SEE GCNL 40 26FEB88 P.2 FOR 1987 DRILL RESULTS).
