MINERAL EXPLORATION GROUP

KERR DEPOSIT STEWART, B.C. LUNCHEON TALK -John Kowalchuck
Placer Dome
Ltd. geologist will talk at the March 6, 1991, MEG
luncheon, at 12:00 noon in the Georgia Hotel, Vancouver,
B.C. on the large tonnage near surface porphyry type
Kerr deposit, 65 km north of Stewart, B.C. In September
1989, Placer Dome paid \$12,000,000 to acquire a 100%
interest in the property which at the time had reserves
of 66,000,000 tons grading 0.84% copper, 0.01 oz.gold/t,
0.06 oz. silver/t.
