PACIFIC COMOX RESOURCES LTD. (PCA-V)

VISIBLE GOLD IN - Douglas MacQuarrie, chairman, Pacific
FIRST NEW HOLE Comox Resources Ltd., reports the
first new drill hole JN 93-148, at the
Harrison Lake project 90 km east of Vancouver, B.C., is
at 400 feet. Visible free gold has been observed in
discrete zones throughout the hole.. The hole is being
drilled to test the depth extent of the gold minerali-
zation within the host pipe structure. Planned depth of
the hole is 2,000 ft. (SEE GCNL No.14, 21Jan93, P.3 FOR
